Welcome

Welcome from Student Government President

Dear Students,

Welcome to Anderson College. We hope you have had a good summer and that you are as excited about the 1992-93 school year as we are. The Student Government Association has made plans for the coming year to make your time more enjoyable.

We hope that each of you will take advantage of the many opportunities to get involved in activities here at AC. This year can be one to remember if all of us are active on campus and enjoy the company of each other. Again, we welcome you to Anderson College, and I look forward to getting to know you.

Sincerely,
David Herndon
Student Body President

Statement of Purpose

Anderson College is a private, coeducational, liberal arts college, sponsored by the South Carolina Baptist Convention which provides opportunities for higher education at the undergraduate level. The college offers a Christian educational program whereby students are provided opportunities to develop intellectually, physically, socially, morally, and spiritually within an institution which affirms the teachings of Jesus Christ as the ultimate guide for living. The college is operated by Christian trustees, faculty, administration, and staff.

Statement of Values

The basis of all interaction at Anderson College is the expectation that students, faculty, and staff will behave in accordance with the values of a Christian academic community.

Anderson College's ideals are the ideals of Christian people. Each student is responsible for his or her actions, not only to self and to God, but also to the college and to fellow students.

Choosing to join this college community obligates each person to a code of behavior which is published in the College Catalog and Student Handbook. This code is guided by the Christian principles of love of God, neighbor, and self. Therefore, as a student in the Anderson College community, I agree to practice

Respect for Others. I will act in a manner that is respectful of the rights and privileges of others. Every member of the college community regardless of race, sex, age, disability, or religion has the right to grow and learn in an atmosphere of respect and support.

Respect for Property. I will act in a way that respects personal, college, and community property. Actions and behavior must not be wasteful or destructive to individuals, property, or the natural environment.

Respect for Truth. I will be truthful in all areas of my life. Truth forbids lying, cheating, stealing, and plagiarism. This principle requires high standards of integrity and moral obligation that all students are expected to exemplify in relation to roommates, friends, students, peers, and family.

Respect for Rules, Regulations, and Law. I will abide by and support the rules and regulations of the Anderson College Code of Conduct and abide by all federal, state, and local laws and ordinances.

Respect for Academic Integrity. I will do my own course work, in preparation for all assignments and in the classroom. This will enable each student to expand boundaries of knowledge, skill, understanding, appreciation, and sensitivity to the world of ideas and values.

The Student's Responsibility

Attendance at Anderson College is a privilege, not a right. The privilege granted a student carries with it certain expectations which are necessary for living in a community with others, attaining educational instruction, growing responsibly and developing one's personhood. Anderson College expects each student who voluntarily registers at the institution to be in fact saying that he/she will cooperate with the expectations and regulations as found in the Student Handbook and the College Catalog. Furthermore students are responsible for information in the campus newspaper, the weekly Campus News, bulletin boards, campus post office boxes, and the Residence Life Newsletter.

Academics

Anderson College offers the Bachelor of Arts degree with majors in Liberal Studies, Communications, Art and Music, the Bachelor of Science degree with majors in Business and Elementary Education, and the Bachelor of Music Education degree. In addition, students may pursue the Associate in Arts degree or the Associate in Arts in Hotel, Restaurant and Tourism degree. See College Catalogue for the courses required of all students and the recommended curricula for specific degrees and majors.

Academic Services Center

The Academic Services Center at Anderson College functions as an enhancement to the academic courses and is intended to facilitate students' development of skills essential to academic success. The services of the Center are available at no additional cost to all Anderson College students.

The Academic Services Center conducts two major programs, the Tutorial Program and the College Opportunity Program. The Tutorial Program provides assistance to students who may need help in understanding a subject or in completing a particular assignment. Tutoring, which is provided by both faculty and students, is available in most subjects; but special assistance is available through the Writing Laboratory and the Mathematics Laboratory, which are staffed by faculty specialists in composition and in mathematics. Tutoring is available during the afternoons and evenings four days a week.

The College Opportunity Program consists of courses, tutoring, advising, and counseling designed especially for students whose placement test scores and/or high school records indicate a need for special assistance in reading, writing, or mathematics. The faculty, administration, and staff of Anderson College believe that competence in these skill areas is essential for success in college as well as in one's future career and personal life. The College is committed to giving a chance to students whose educational backgrounds may not have adequately prepared them for college-level work in these areas.

Academic Advising

Each student has an academic adviser available for academic advice and assistance. The adviser is available to the student for personal conferences and several group conferences throughout the semester which the student is expected to attend. The student pre-registers for all courses with the adviser before the beginning of each semester. The average academic load is 16 semester hours (about 5-6 courses). Twelve semester hours is the minimum load for a fulltime student, and special permission is required from the Associate Academic Dean for more than 18 semester hours.

Schedule and Course Changes

During the first three class days of the semester, students may drop and add classes if necessary with the approval of the adviser and the instructors whose classes are involved. All class enrollments are closed after three days. A fee is charged for any class added after registration.

Withdrawing from Class

Students are advised not to withdraw from classes except for extreme circumstances. Withdrawal from a class is permitted through the twelfth week of the sixteen week semester if it is absolutely necessary and has been approved by the adviser and the faculty member whose class is dropped.

Any class dropped during the first two weeks of the semester does not appear on the student's record. The student is financially responsible for all classes in which enrolled from the beginning of the semester.

Students who officially withdraw from college, dropping all classes, will receive a prorated refund (see catalog).

There is a prescribed procedure for withdrawing from college or dropping individual classes. Failure to use or complete this procedure will result in failing grades being assigned.

Class Attendance

Absence from more than three (3) times the number of scheduled class sessions per week, WHETHER EXCUSED OR UNEXCUSED, is excessive and the student will receive a grade of "F" unless the student requests a withdrawal or an incomplete, according to the policies stated in the Handbook.

Grading

Grades given at Anderson College are:

- A - Superior
- B - Excellent
- C - Good Average
- D - Passing, but Below Average
- CR - Credit
- NC - No Credit
- F - Fail
- I - Incomplete
- W - Withdrew
- NR - No report by Faculty Member
- X - Audit, No Credit

A grade point average is the result of dividing all semester hours attempted (not just those earned) into the total quality points. Quality points are derived from multiplying the credit hours of the course times the number value for the letter grade. (A=4, B=3, C=2, D=1).

Honors

Fulltime students with 3.5 and higher grade point average are named to the "Dean's List" and are eligible for membership in honor societies.

Probation and Suspension

In order to remain in good academic standing a student must earn a certain grade-point average in relation to the number of credit hours attempted. These averages are noted below:

When a student has attempted:	Minimum Cumulative GPR must be:
12 semester hours	1.3
13-25 semester hours	1.4
26-38 semester hours	1.5
39-51 semester hours	1.6
52-64 semester hours	1.7
65-77 semester hours	1.8
78-90 semester hours	1.9
91 + semester hours	2.0

Students who fail to achieve the required grade-point average will be placed on academic probation during the following semester. Failure to achieve the required average for two consecutive semesters will result in suspension from the College for one semester. Students who wish to return to AC following the semester of suspension must apply for readmission through the Admissions Office. Decisions regarding readmission will be based on the likelihood that the student will ultimately be able to complete successfully the academic program at AC.

Students who do not pass at least 60 percent of the course work for which they registered during two consecutive semesters will be placed on quantitative probation. Failure to pass at least 60 percent of the course work for which one is registered for a third consecutive semester will result in suspension.

Right of Appeal

Students may appeal any academic decision or action if they feel that there are extenuating circumstances that warrant a reconsideration of the decision or action or if they feel they have been treated unfairly or arbitrarily. All appeals must be presented IN WRITING by the student to the person who made the decision or took the action. All appeals must be initiated by the student within thirty (30) days of the decision or action. In the case of appeals of grades or other decisions made by instructors, the appeal should be presented first to the instructor involved. If the matter is not resolved at this level, the appeal should then be presented IN WRITING to the appropriate division chair, then to the Associate Academic Dean, the Academic Dean, and then the President. At each stage of appeal, the person to whom the appeal is presented will respond to it in writing, with copies submitted to the student and the other individuals who have dealt or will deal with the case in question.

Academic Honesty and Dishonesty

I. Policy on Academic Dishonesty

Students at Anderson College are expected to conduct themselves with integrity and to be honest and forthright in their academic endeavors. Just as academic honesty is vitally important to the value of a college education, academic dishonesty is a serious offense because it diminishes the quality of academic scholarship at Anderson College and defrauds society, the institution, faculty and other students. Additionally, academic dishonesty undermines the efforts of those who may eventually depend upon our knowledge and integrity.

Anderson College encourages the imposition of strict penalties for academic dishonesty and does so in order to protect the integrity of the grading system and to affirm the importance of honesty, integrity and accountability in the College community.

Assumptions

1. A concern for the whole person, as is inherent in a Christian approach to higher education, and as espoused by the College, is foundational to its educational philosophy and recognizes academic dishonesty as the antithesis of this philosophy.
2. Dishonesty in academic matters deceives and threatens not only the individual institution of higher education but also the larger society.
3. Students and faculty alike are alarmed, concerned, and justifiably outraged by acts of academic dishonesty.
4. Apparent tolerance of academic dishonesty may encourage cheating, plagiarism and fraud.
5. Lack of concern for and inattention to the issue of academic dishonesty suggests that the values of integrity and honesty are not important and therefore, will not be encouraged.
6. Academic dishonesty, in any form, corrupts the essential process by which knowledge is advanced.
7. Standardization of the College's policy addressing academic dishonesty, and the expectation that all students and instructors will adhere to it, will ensure equity, justice and fairness in academic matters related to academic honesty and dishonesty.

Forms of Academic Dishonesty

A. Plagiarism

Plagiarism is the presentation of someone else's words, ideas or data as one's own work. When a student submits work for credit that includes the words, ideas or data belonging to or produced by others, the source of that information must be acknowledged through complete, accurate, and specific footnote or "in-text" references, and, if verbatim statements are included, through quotation marks as well. **By placing his/her name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgements.** A student will avoid being charged with plagiarism if there is an acknowledgement of indebtedness:

1. Whenever one quotes another person's actual words;

2. Whenever one uses another person's idea, opinion or theory, even if it is completely paraphrased in one's own words; and
3. Whenever one borrows facts, statistics, or other illustrative materials, unless the information is common knowledge.

B. Fabrication

Fabrication is the intentional use of invented information or the falsification of research or other findings with the intent to deceive.

Examples:

1. Citation of information not taken from the source indicated.
2. Listing sources in a bibliography not used in the academic exercise, unless directed by the instructor to list references consulted even if not cited.
3. Inventing data or source information for research or other academic exercise.
4. Submitting as one's own any academic exercise (e.g., written work, printing, sculpture, etc.) prepared totally or in part by another, including purchased term papers.
5. Taking a test for someone else or permitting someone else to take a test in one's place.

C. Cheating

Cheating is an act of deception by which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered.

Examples:

1. Copying from another student's test paper.
2. Allowing another student to copy from a test paper.
3. Using the course textbook or other material such as a notebook brought to a class meeting but not authorized for use during a test.
4. Collaborating during a test with any other person by receiving information without authority.
5. Using specifically prepared materials during a test, e.g., notes, formula lists, notes written on the student's clothing, etc.

D. Academic Misconduct

Academic misconduct is the intentional violation of College policies, by tampering with grades, or taking part in obtaining or distributing any part of an unadministered test or other restricted educational materials.

Examples:

1. Stealing, buying, or otherwise obtaining all or part of an unadministered test.
2. Selling or giving away all or part of an unadministered test including answers to an unadministered test.
3. Bribing any other person to obtain an unadministered test or any information about the test.
4. Entering a building or office for the purpose of changing a grade in a grade book, on a test, or on other work for which a grade is given.
5. Changing, altering, or being an accessory to the changing and/or altering of a grade in a grade book, on a test, a "change of grade" form, or other official academic records of the College which relate to grades.
6. Entering a building or office for the purpose of obtaining an unadministered test.

Academic honesty is the individual responsibility of each student. Students should report violations of the Anderson College Policy on Academic Honesty and Dishonesty either to the instructor of the course affected or to the Associate Academic Dean.

II. Procedure

Individual faculty members have the responsibility for determining the action, within the guidelines provided below, to be taken in cases of academic dishonesty relating to their courses. **Acts of academic dishonesty are never to be ignored or overlooked for any reason.** However, once detected by the faculty member, extenuating circumstances relating to an act of academic dishonesty may be communicated to the Associate Academic Dean.

A. When, in the opinion of an instructor, a student has committed an act of academic dishonesty, the following procedure must be followed:

1. The instructor will inform the student in private, if possible, of the nature of the charge of alleged academic dishonesty (it is at this point that the student may respond verbally to the instructor's charge). The instructor will simultaneously request in writing that the Associate Academic Dean verify the alleged incident's being a first offense. (Note: This contact with the Associate Academic Dean is not intended to circumvent the levels of the process of appeal; rather, it is to ensure the tracking and record keeping related to repeat offenses of academic dishonesty.)
2. When the incident has been verified as a first offense, the instructor will notify the student in writing of the charge of academic dishonesty and the action or penalty imposed by the instructor.
3. When a student is accused of academic dishonesty, the faculty member must be prepared to provide evidence and/or support for the accusation upon which the decision rests.
4. A student may appeal the decision/penalty if he or she feels there are extenuating circumstances that warrant a reconsideration of the decision or action or if he/she feels they have been treated unfairly or arbitrarily. All appeals by students must be initiated within 5 working days after being notified in writing by the instructor of the alleged violation (see #2 above).
5. All appeals must be presented IN WRITING by the student in the order listed.
 - a. instructor
 - b. division head (unless this is also the instructor)
 - c. Associate Academic Dean
 - d. Vice President for Academic Affairs
 - e. President

At each stage of appeal, the person to whom the appeal is presented will respond to it in writing within 3 working days after receiving the appeal, with copies submitted to the student and the other individuals who have dealt with or will deal with the case in question.

6. If the alleged violation occurs during the final examination period of a semester, the Associate Academic Dean will authorize the assignment of an "I" grade to show incomplete work. The grade will remain until the alleged violation is adjudicated.

When a student has been accused of an act of academic dishonesty, the student is required to participate in the entire process of adjudication and may not withdraw from the course in which the alleged violation occurred in hopes of avoiding possible repercussions of the alleged violation.

III. Penalties

- A. A student guilty of the first offense of academic dishonesty will receive as maximum penalty a grade of "F" for the course. Lesser penalties will be left to the discretion of the instructor. Allowing a student accused of a violation to withdraw from or drop the course is not an appropriate action.
- B. A student guilty of the second offense of academic dishonesty will receive a grade of "F" for the course, may be suspended for a period of one semester (to be enforced during the next semester), and may be permanently dismissed from Anderson College.

IV. Confidentiality

In accordance with provisions of the Family Educational Rights and Privacy Act of 1974 any information related to an alleged violation of the College's Policy on Academic Honesty and Dishonest must be treated as strictly confidential by members of the faculty and administrative staff.

Policies Governing Final Exams

1. Exams will be given on the day and hour scheduled. Students will not be permitted to take exams early except for highly extenuating circumstances. Late exams will be scheduled ONLY when a student has a verifiable debilitating illness or injury or a death in the immediate family which occurs at a time that requires the student's absence from an exam. When one of these circumstances applies, the student is required to notify the instructor before the time of the exam so that a grade of I (Incomplete) can be recorded for the course, if necessary. The student is also required to arrange with the instructor a time when the exam can be scheduled.
2. At the discretion of the instructor, a student may be allowed to take the final exam without another section of the same course taught by the instructor (or taught by another instructor if the exam is a common departmental exam).
3. There will be no opportunity for any additional or make-up work after the final exam. There is NO re-exam. All grades are final and will be changed only to correct an error made by an official of the College.
4. Students who do not appear for the final exam when it is scheduled and have not notified the instructor of an illness, accident, or death in the family, will receive a grade of F for the exam.
5. If any student has an unpaid balance or fines owed to the College for any reason, or overdue library books, no transcripts for that student can be prepared until the financial accounts are settled.
6. Grades must be submitted by instructors to the Registrar's Office 24 hours after the exam is completed. Grades may be posted by the faculty with student approval. Students are not to call or ask for their grades from the Registrar's Office.
7. Evening classes will have exams on the evening the classes regularly meet, beginning with December 10th in the first semester and April 28th in the second semester.

Note carefully the time of the exam. No one will be allowed to make up an exam because he or she misread the exam schedule. Sleeping through an exam will also not be considered a reason for making up an exam.

Library Regulations

1. The library hours are as follows:

3. Books, except reference and reserve books, may be checked out for three weeks and may be renewed once for the same period provided no one has requested that particular book.
4. Reference books may not be taken from the library. Reserve books vary in terms of how long and in what manner they may be checked out.
5. A fine is charged for an overdue book.
6. Magazines and newspapers will be used in the library only.

Student Development

Purpose:

The Student Development Division of Anderson College is committed to the development of the student mentally, physically, socially and spiritually. The commitment to the development of students is supportive of the mission and purpose of Anderson College.

The division endorses the definition of student development which is the application of human development concepts in a post-secondary setting so that all involved can master increasingly complex developmental tasks, achieve self-direction, and become interdependent. The developmental tasks which need to be successfully mastered by students include:

1. **Achieving competence.** Competence involves the development of intellectual competence, physical and manual skills, and social and interpersonal competence. It involves also a sense of competence, defined as "the confidence one has in his ability to cope with what comes and to achieve successfully what he sets out to do."
2. **Managing emotions.** The young adult's first task is to become aware of feelings, to trust them more, and to recognize that they provide information relevant to contemplated behavior or to decisions about future plans. As a larger range of feelings are fully expressed, new and more useful patterns of expression and control can be achieved.
3. **Becoming autonomous.** Mature independence requires both emotional and instrumental independence and the recognition of one's interdependencies. To be emotionally independent is to be free of continual and pressing needs for reassurance or approval. Instrumental independence has two components, the ability to carry on activities and to cope with problems without seeking help, and the ability to be mobile in relation to one's needs. Interdependence is recognizing that loving and being loved are complementary, or that one cannot receive benefits of a social structure without contributing to it.
4. **Establishing identity.** Identity is confidence is one's ability to maintain inner sameness and continuity and involves clarification of conceptions concerning physical needs, characteristics, and personal appearances, and clarification of sexual identification, and of sex appropriate roles and behaviors.
5. **Freeing interpersonal relationships.** Relationships should shift toward greater trust, independence, and individuality and should become less anxious, less defensive, less burdened by inappropriate past reactions, more friendly, more spontaneous, more warm and more respectful. Developing tolerance for a wide range of persons is a significant aspect of this task.
6. **Clarifying purposes.** Development of purpose requires formulating plans and priorities that integrate avocational and recreational interest, vocational plans, and life style considerations.
7. **Developing integrity.** Developing integrity is defined as "the clarification of a personally valid set of beliefs that have some internal consistency and provide a guide for behavior." Such development involves the humanizing of values, the personalizing of values, and the development of congruence. Humanizing of values describes the shift from a literal belief in the absoluteness of rules to a more relative view. Personalizing values occurs as values are first examined and then selected by an individual. The development of congruence is the achievement of behavior consistent with the personalized values held.

Objectives:

A definition of student development and identifying developmental tasks provide the basis for a theory of student development. With this in mind the division has three goals related to student development:

1. Provide programs which are intentionally designed to facilitate growth in identified developmental tasks.
2. Seek ways of informing parents and students about college life in general, Anderson College in particular, and the developmental needs of students.
3. Provide institutional research to assess student needs, developmental and environmental, in order to better understand, communicate and take appropriate action as a result of the research.

Organization:

The Student Development Division is organized into several department/units: Athletics, Admissions, Campus Ministries, Counseling Center, Discipline, Financial Aid, Health Service, Residence Life, Security, and Student Activities. The staff is competent, highly professional and committed to a philosophy of student development.

Athletics

Athletics at Anderson College provide an opportunity for those who are highly skilled in a sport to further develop their skills in an atmosphere conducive to the purpose of the college. The competitive performance of these skills against teams/individuals from other institutions may provide a level of general interest and spectator appeal to both students and the community.

Most participants in intercollegiate competition are on scholarship; however, try-outs are available for walk-ons. A student interested in trying out for a team should contact the respective coach.

Men's athletic competition is offered in basketball, baseball, golf, soccer, track, cross country, wrestling and tennis. Women's athletics consist of teams in basketball, softball, tennis, volleyball, and soccer. The men's teams are known as the TROJANS and the women's teams as the LADY TROJANS. The school colors are black and gold.

Cheerleaders have the responsibility for supporting the men's and women's athletic teams. There are twenty-two cheerleaders - ten upperclassmen, ten underclassmen and two alternates. Cheerleaders are divided into two squads in order to share responsibility for cheering at home and selected away games. The Trojettes Pom-Pon Squad is an auditioned group that performs dance/-pom-pom routines at selected home games.

Athletic facilities are available for student use when not scheduled for intercollegiate practice, games, or freeplay. These include: eight tennis courts (four lighted), Whyte gymnasium (used primarily for free play and intramurals), the athletic field, a weight room, and two racquetball courts on the lower ground level of Whyte gym.

The tennis courts are not available after 11:00 p.m. daily and not before noon on Sunday. The Whyte gymnasium is locked at 10:00 p.m. daily. The grassy areas around and including the athletic fields are not to be used as a golf practice area.

Campus Ministries

Since Anderson College is a denominational school, religious life is integral to the College's mission and purpose. Campus Ministries is the parent of all religious activities. Even though a majority of AC's students are Baptists, a concentrated effort is made to provide fellowship and inspiration for those of other denominational preference.

Campus Ministries seeks to involve students in an inward journey in quest of the answer to the question, "Who am I?" It attempts to relate the fragments of truth discovered in the academic disciplines to the source and revealer of all truth, God. In so doing, Campus Ministries serves as an integrating force, helping students to gain a total picture of themselves, their work and their world.

The journey inward is designed to meet the students' personal needs for worship, study, and fellowship. It further seeks to involve the student in the life of and work of a local church. It leads the student to give priority to the kingdom of God through the practice of Christian stewardship.

Campus Ministries is also an organization that coordinates the best efforts of the students in an outward journey of service and ministry to other persons as it seeks to answer the question, "What shall I do?"

The objects of this ministry are two-fold: 1) to help other persons find their identity through relationships with God and people, and 2) to help them achieve a full and purposeful life through collaboration with Jesus Christ in loving service to each other.

The outreach of Campus Ministries provides opportunities for students to meet the needs of persons expressing their gifts and talents in witness activities, missions, social action, and ministry to others in the campus community.

1. Action Projects:

Social Action: Students are encouraged to become involved in special student mission projects.

These projects are: visiting and preparing programs for nursing homes and the Boys and Girls Club and coordinating programs for children at the Jim Ed Rice Center on a weekly basis.

Journey Teams: Groups of students go to churches to conduct the service or present a program. This team is composed of young people who sing, give testimonies, and perform skits.

Contributions to South Carolina Summer Missions and World Hunger Drive: Each year Campus Ministries raises money for Summer Missions and World Hunger.

2. Bible Study Groups

Agape Groups are small groups on each dorm hall that meet together for Bible study, prayer, and a time of sharing.

Cross Training is a large co-ed Bible study and is the central Campus Ministries meeting. Once a week an outside speaker comes to the campus to lead a Bible study for students. Also creative worship experience is a part of *CROSS TRAINING*. Students are encouraged to be involved in the drama and music appreciation at Cross Training.

3. Christian Emphasis Week

Anderson College annually observes Christian Emphasis Week. This is a week of special emphasis on the spiritual development of the student. Morning and evening sessions are scheduled each day Wednesday through Friday.

4. Outreach:

Each semester Campus Ministries actively participates in the State Baptist Student Union Conventions. Monthly activities such as cookouts, musical concerts, and campus wide

fellowships are scheduled as outreach efforts of Campus Ministry. Again, these are for all students of Anderson College.

5. Other Organizations:

Other organizations included in the Campus Ministries program: the Church Related Vocations Association -- for those interested and committed to Christian service; Anderson College Athletes for Christ -- for all AC Athletes; and the Leadership Training Council -- for those interested in leadership and discipleship training, as well as those interested in assisting Campus Ministries officers throughout the year.

Summary: Opportunities for spiritual development are encouraged by the administration of the college. Students are given opportunities to grow spiritually as well as academically while at Anderson. The various programs offered by the college are numerous enough to meet almost any students' needs. Retreats, special seminars, Bible studies, discussion groups, and service opportunities are available to all students.

Life Enrichment Experience

Life Enrichment Experience (LEE) is a series of worship programs, musical presentations, and other programs designed to present the spiritual, scholarly, and culturally broadening influence of a Christian liberal arts college. The series will consist of at least 12 programs each semester. Credit for LEE will be awarded based on attendance as follows:

Attendance at 12 or more programs....Credit (CR)

Attendance at less than 12 programs...No Credit (NC)

In order to graduate from Anderson College, a student must have credit in LEE for each semester of fulltime attendance at AC.

Local Churches

Anderson College encourages students to become involved in a local church. The institution believes that a part of a student's total development is cultivation of spiritual life, and while Anderson College provides many opportunities for spiritual development, we believe active participation in local church worship is integral to total spiritual development.

The list does not include all churches in the Anderson area. Since our commuting students maintain affiliation with their local church, we have tried to list the churches in which our resident students have become involved or churches which have made an effort to provide for resident students.

Health Center

The Student Health Center is located on the first floor of the New Dorm. The nurse is on duty during the fall and spring semesters from 1:00 p.m. to 9:00 p.m. Monday -- Thursday, and 1:00 p.m.-- 6:00 p.m. on Friday. A doctor is on campus for an hour each evening Monday - Thursday for those students having appointments. Appointments with the doctor must be scheduled by calling the nurse in advance. The Health Center is open during the summer sessions from 8:30 a.m.-- 4:30 p.m. with the nurse on duty. No on-campus doctor appointments are scheduled during the summer.

All resident students must have medical record and Consent for Treatment forms on file in the Health Center. All commuters who plan to use the health services must also have these forms completed. The staff may be unable to treat a student who does not have these forms on file.

The Health Center staff makes every effort to see that students receive proper medical attention. Treatment may be provided in the Health Center or students may be referred to doctors or dentists in Anderson. The costs of off-campus treatments and prescriptions are the responsibility of the student. Routine treatment in the Health Center is ordinarily free of charge, although some charges for tests and procedures provided in the Health Center may be passed on to students.

A student required to take special medications for allergies, diabetes, etc. should notify the Health Center nurse.

Students needing medical attention when the Health Center is closed should contact the Student Development or Residence Life Offices (during office hours) or the Residence Hall supervisor on duty (nights and weekends).

Residence Life

Residence life at Anderson College offers students an opportunity to grow and develop through living and learning with others. The residence hall is more than just a dormitory or place to live; it is an environment for individual growth through community living.

The Residence Life staff strives to provide comfortable, safe, attractive, and functional residence halls and residence hall life that is conducive to social adjustment, personal growth, and responsible citizenship. Anderson College has both professional staff and student resident assistants living on campus to meet the needs of students as they strive to make the residence hall experience a positive one. The residence life staff members offer many learning opportunities by promoting programs and activities which enhance student development.

In order to ensure a smooth operation of the residence halls, policies designed to facilitate community living have been developed. These guidelines which are part of college policy are found in the Residence Life Handbook.

Residence Policy

Believing that students benefit in personal growth and educational opportunity from residential living, Anderson College requires all freshman and sophomore students to live in campus housing. Students who meet one of the following criteria may elect to live off campus prior to their junior year.

1. Married.
2. Live locally with a parent, brother, sister, or other close relative.

3. Are 21 years of age prior to the beginning of the semester.
4. Have lived in campus housing for four semesters (excluding summer school) without attaining junior academic status.
5. Have special permission from the Dean of Student Development or Housing Committee to live off campus.

Freshman and sophomore students who wish to live off campus and do not meet one of the first four criteria must complete a request form in the Student Development Office. The Dean of Student Development may act on the request or may refer it to the Housing Committee for a decision. Students will be notified of the action of the Dean or Committee concerning whether or not permission to live off campus is granted.

Security and Safety

The primary purpose of the Security department is to protect the property and lives of the faculty, staff, students and guests of Anderson College. The department is also responsible for enforcement of parking regulations.

Many burglar alarms have been installed in different buildings on the Anderson College campus. These alarms are set daily by security. There is a penalty for entering a secured building.

The Director of Security is an employee of Anderson College. The college contracts with a private security firm for certified and licensed security officers. One or more members of the department are on duty 24 hours a day during the school year. A female uniformed officer is also on duty in the female residence halls after 11 p.m. every night during the school year.

The officers are available any time after dark to transport female students from their cars to their campus housing or from one building to another on campus. Officers will assist students with dead batteries and when keys are locked inside cars.

In compliance with the Federal Crime Awareness and Security Act of 1990, Anderson College prepares an annual report setting forth campus security policies and campus crime statistics. This report, which also contains safety and security tips, is furnished to all current students and employees and to any applicant for enrollment or employment upon request.

Counseling

Counseling Center

The Counseling Center is designed to assist students in coping with problems and making the most of opportunities for academic and personal development. Services are provided in the areas of personal and group counseling, vocational/career planning and academic counseling.

From the time the student is admitted to the college, the Counseling Center is involved in assisting the student. The Center staff directs summer orientation and placement testing. The Office provides a library of vocational materials and information to help the student become familiar with the world of work.

Anderson College provides counseling services to all students to assist them in their adjustment to college. There are two professionally trained staff members in the center. There is no charge for the services and the highest ethical standards associated with the profession are maintained.

Career Development

Career development is an ongoing process of integrating an individual's knowledge of self, occupations, and environment. This process occurs throughout a person's lifetime. Career services meets students at their individual level of career planning in developing strategies to achieve self-direction in their career search.

Resource Center

The Resource Center, located in the Counseling Center, contains college and graduate school catalogs, career search publications, materials on job search skills, resume' information, time management schedules, study aides, materials related to choosing a major, and a variety of handouts on self help.

Anderson College Experience

The Anderson College Experience is a course for students entering higher education for the first time. This course will assist the student in obtaining skills necessary to reach educational goals. It will expose the student to learning experiences and personal and support services to assist in learning college survival skills. Topics will include study skills, communication skills, career awareness, interpersonal relationships, library usage and personal issues facing many college students.

Student Activities

The college offers an extensive program of extracurricular activities that provide opportunities for intellectual, physical, and social growth. The opportunities for growth will assist the student in development and maturity in order to help the student become a better campus citizen and perhaps a leader in the world outside the college environment.

The SGA was established to foster student interests and activities, to aid in administering regulations, and to transact business pertaining to the student body.

The SGA Activities Board consists of 40 students who plan and implement a wide range of activities. These activities may include films, dances, talent shows, contests, performing artists, trips, short courses, and outdoor event.

Clubs and organizations are vital to enhancing a well-rounded student activities program. Current campus organizations include Omicron Iota Kappa (Fashion Merchandizing), Science Club, Spanish Club, Gamma Beta Phi, Student Alumni Council (S.A.C.), Anderson College Ambassadors, Future Business Leaders of America (F.B.L.A), the International Club, and the Education Club. Many more clubs and organizations are available. Contact the Student Activities Office for more information.

The Music Department provides music organizations which are available to the non-music major. The organizations include the College Choir, a Handbell Choir, the A.C. Ensemble, a Wind Ensemble, a Jazz Ensemble, a Brass Ensemble, and Radiance, a select vocal group of 8 to 10 students.

Student Publications are a vital function in a varied student activity program. There are three publications at Anderson College: The Columns, a yearbook; AC Echoes, the student newspaper; and Ivy Leaves, a literary magazine.

Intramurals offer a student an opportunity to compete athletically as an individual or team member against other Anderson College students. Resident students are placed on teams according

to living units, and commuters are given assistance in forming teams. Competition is generally offered in softball, basketball, volleyball, tennis, and flag football.

C.O.R.E. (Campus Organizations' Recruitment Exposition) is an annual event held in August to acquaint new students with the depth and breadth of the campus activities program. Students are given an opportunity to receive first-hand information about clubs and organizations to help them decide where they want to be involved.

Forming New Clubs

New Clubs and organizations may be formed whenever as few as eight students have an interest in forming one. The Student Activities Director is the contact person for forming a new club. In order for a club or organization to be officially recognized as a part of the education program at Anderson College an initial club charter must be approved through established procedures. Each subsequent year a request to continue the club must be made. Officially recognized clubs may use college facilities, be pictured in the yearbook and featured in the student newspaper, and receive funds from the Student Government Association. Training sessions are provided for officers and advisers of all campus organizations.

Student Rights, Responsibilities and Expectations

The person-centered philosophy which is the heart of the educational mission of Anderson College affects the lives of all persons who are part of this community. This philosophy is based on the assumption that faculty, staff and students who work and live here recognize the worth and dignity of each person and the special contributions they make to the college, to society and to the Christian community.

These statements of Student Rights, Responsibilities and Expectations seek to balance the policies that are necessary in an educational community with each individual's right to personal freedom and the opportunity to reach his or her maximum potential. Authentic community life and achievement of agreed-upon purposes within an institution necessitate that there be external and internal restraints. Our community life both enhances and restricts our personal and collective freedom, so there needs to be an element of self-discipline on the part of all of us---faculty, students and administration.

As a community of Christian higher education, biblical principles dictate a higher order of community life. A Christian community has to do with being related to one another and being dependent on one another. Discipline is the responsibility of all the members of the community. When this happens, a concern for the individual and the common good of the community will develop.

Anderson College expects its students to be honest, to respect the property and rights of others, and to obey city, state and federal laws. In addition, students are expected to live within the regulations of Anderson College. A majority of students live within the expectations. Nonetheless, all students have the right to know behavior which is prohibited.

In the Spring of 1975 the Student Senate, Student Affairs Committee, and the President of the College joined together in establishing a prohibited code of conduct for Anderson College students. Reasonable people who established the code felt that the prohibitions were not unreasonable for Anderson College students. In 1992, the Code was updated and revised, but remains essentially the same in principle as the 1975 document. A student who finds the code unreasonable will

probably not be happy at Anderson College. Students should note that they are not immune from the legal or judicial process and that the college disciplinary proceedings do not replace state or federal law.

Student Judicial Rights

Anderson College is committed to guaranteeing procedural fairness to any student charged with a violation of the Code of Behavior. The essence of procedural fairness includes ensuring that a student charged with misconduct be informed of the nature of the charges and be given a fair opportunity to refute them, that the institution not be arbitrary in its actions, and that there be provisions for appeal of a decision.

The following list enumerates the specific judicial rights of students charged with violations of the Code of Behavior.

1. Right to a hearing.
2. Right to be informed in writing of all charges at least three (3) days before any hearing may proceed.
3. Right to waive the three-day notice of charges.
4. Right to remain silent. If a student chooses not to testify, a decision will be made on available evidence.
5. Right to be assisted by an adviser of the student's choice. The adviser must be a member of the Anderson College community (student, faculty, or staff).
6. Right to be assumed innocent until found guilty. The burden of proof rests on the person(s) bringing the charges.
7. Right to testify, to present evidence and witnesses, and to hear and question adverse witnesses.
8. Right to be present at the hearing except during the deliberation.
9. Right to appeal the decision to the President of Anderson College.

C. Violation of Law and College Discipline

1. If a student is charged only with an off-campus violation of federal, state, or local laws, but not with any other violation of this Code, disciplinary action may be taken and sanctions imposed for grave misconduct which demonstrates flagrant disregard for the College community. In such cases, no sanction may be imposed unless the student has been found guilty in a court of law or has declined to contest such charges, although not actually admitting guilt (e.g. "no contest" or "nolo contendere").
2. College disciplinary proceedings may be instituted against a student charged with a violation of a law which is also a violation of this Student Code, for example, if both violations result from the same factual situation, without regard to the pendency of civil litigation in court or criminal arrest and prosecution. Proceedings under this Student Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.
3. When a student is charged by federal, state or local authorities with a violation of law, the College will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also the subject of a proceeding before a judicial body under the Student Code, however, the College may advise off-campus authorities of the existence of the Student Code and of how such matters will be handled internally within the College community. The College will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Article IV: Judicial Policies

A. Charges and Hearings

1. Any member of the College community may submit facts relating to possible violations against any student for misconduct. Charges shall be prepared in writing and directed to the Judicial Adviser responsible for the administration of the College judicial system. Any charge should be submitted as soon as possible after the event, or the discovery of the event, takes place, preferably within 72 hours unless additional time is needed to obtain additional facts or information.

2. The Judicial Adviser may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Judicial Adviser. Such disposition shall be final and there shall be no subsequent proceedings. If the charges cannot be disposed of by mutual consent, the Judicial Adviser may later serve in the same matter as the judicial body or a member thereof.
3. All charges shall be presented to the accused student in written form. A time shall be set for a hearing, not less than five nor more than fifteen calendar days after the student has been notified. Maximum time limits for scheduling of hearings may be extended at the discretion of the Judicial Adviser.
4. Persons charged with violations of the Disciplinary Code are expected to participate fully in the College's disciplinary procedures. A student is to respond within 24 hours after charges have been delivered. If a charged party does not respond within 5 days from the date charges have been delivered, he or she forfeits a choice of hearing options. Should this happen, a hearing is scheduled, the charged party is notified of the hearing date, time and location, and the procedures are completed with or without the benefits of the charged party's participation.
5. Hearings shall be conducted by a judicial body according to the following guidelines:
 - a. Hearings normally shall be conducted in private.
 - b. Admission of any person to the hearing shall be at the discretion of the judicial body and/or its Judicial Adviser.
 - c. In hearings involving more than one accused student, the chairperson of the judicial body, in his or her discretion, may permit the hearings concerning each student to be conducted separately.
 - d. The complainant and the accused have the right to be assisted by any adviser from within the college community. The complainant and/or the accused is responsible for presenting his or her own case and, therefore, advisers are not permitted to speak or to participate directly in any hearing before a judicial body.
 - e. The complainant, the accused and the judicial body shall have the privilege of presenting witnesses, subject to the right of cross examination by the judicial body.
 - f. Pertinent records, exhibits and written statements may be accepted as evidence for consideration by a judicial body at the discretion of the chairperson.
 - g. All procedural questions are subject to the final decision of the chairperson of the judicial body.
 - h. After the hearing, the judicial body shall determine (by majority vote if the judicial body consists of more than one person) whether the student has violated each section of the Student Code which the student is charged with violating.
 - i. The judicial body's determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code.
6. There shall be a single verbatim record, such as a tape recording, of all hearings before a judicial body. The record shall be the property of the College.
7. Except in the case of a student charged with failing to obey the summons of a judicial body of College official, no student may be found to have violated the Student Code solely because the student failed to appear before a judicial body. In all cases, the evidence in support of the charges shall be presented and considered.

B. Sanctions

1. The following sanctions may be imposed upon any student found to have violated the Student Code:

- a. Warning --- A notice in writing to the student that the student is violating or has violated institutional regulations.
 - b. Probation --- A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating any institutional regulation(s) during the probationary period.
 - c. Loss of Privileges --- Denial of specified privileges for a designated period of time.
 - d. Fines --- Previously established and published fines may be imposed.
 - e. Restitution --- Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
 - f. Discretionary Sanctions --- Work assignments, service to the College or other related discretionary assignments (such assignments must have the prior approval of the Judicial Adviser).
 - g. Residence Hall Suspension --- Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
 - h. Residence Hall Expulsion --- Permanent separation of the student from the residence halls.
 - i. College Suspension for a Definite Period --- Separation of the student from the College for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
 - j. College Suspension for an Indefinite Period --- Termination of student status for an unspecified period of time. The student is able to apply for formal readmission to the College no sooner than one year from the time of suspension.
2. More than one of the sanctions listed above may be imposed for any single violation.
 3. Other than College expulsion, disciplinary sanctions shall not be made part of the student's permanent academic record, but shall become part of the student's confidential record. Upon graduation, the student's confidential record may be expunged of disciplinary actions other than residence hall expulsion, College suspension or College expulsion, upon application to the Judicial Adviser. Cases involving the imposition of sanctions other than residence hall expulsion, College suspension or college expulsion shall be expunged from the student's confidential record 3 years after the student completes his or her studies at Anderson College.
 4. The following sanctions may be imposed upon groups, clubs, teams, or other campus organizations:
 - a. Those sanctions listed above in Section B 1, a through e.
 - b. Deactivation --- Loss of all privileges, including College recognition, for a specified period of time.
 5. In each case in which a judicial body determines that a student has violated the Student Code, the sanction(s) shall be determined and imposed by the judicial body. Following the hearing, the Judicial Adviser shall notify the accused in writing of the judicial body's determination and of the sanction(s) imposed, if any.

C. Interim Suspension

In certain circumstances, the President of the College, may impose a College or residence-hall suspension prior to the hearing before a judicial body. The hearing should be scheduled as soon as possible to make a determination on the case.

1. Interim suspension may be imposed only: a) to ensure the safety and well-being of members of the College community or preservation of College property; b) to ensure the student's own physical or emotional safety and well-being; or c) if the student poses a definite threat of disruption of or interference with the normal operations of the College.
2. During the interim suspension, students shall be denied access to the residence halls and/or to the campus (including classes) and/or all other College activities or privileges for which the student might otherwise be eligible, as the President may determine to be appropriate.

D. Appeals

1. A decision reached by the judicial body or a sanction imposed by the Judicial Adviser may be appealed by the accused students or complainants to the President of the College within three (3) school days of the decision. Such appeals shall be in writing and shall be delivered to the Judicial Adviser or his or her designee. Grounds for an appeal shall be:
 - a. Procedural rights violated, or
 - b. Sanction too severe.
2. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the verbatim record of the initial hearing and supporting documents for one or more of the following purposes:
 - a. To determine whether the original hearing was conducted fairly in light of the charges and evidence presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and present evidence that the Student Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a rebuttal of those allegations.
 - b. To determine whether the decision reached regarding the accused student was based on substantial evidence, that is, whether the facts in the case were sufficient to establish that a violation of the Student Code occurred.
 - c. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.
 - d. To consider new evidence, sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such evidence and/or facts were not known to the person appealing at the time of the original hearing.
3. As a result of the appeal, the President may:
 - a. Uphold the decision of the original judicial body,
 - b. Reverse the decision of the original judicial body,
 - c. Add to or lessen the sanction, or
 - d. Leave the final decision to the Vice President of Student Development.
4. The Vice President or Dean of Student Development have the right to appeal a decision if they feel the sanction is inappropriate or that procedures have been violated.

Article V: Interpretation and Revision

- A. Any question of interpretation regarding the Student Code shall be referred to the Vice President of Student Development or his or her designee for final determination.
- B. The Student Code shall be reviewed every three years under the direction of the Judicial Adviser. More frequent review may be conducted if deemed necessary by the Judicial Adviser.

Article VI: Enactment

The Disciplinary Code as printed was approved by the Student Development Division and the President of the College in May, 1992. It will be submitted to the Student Government Association and College Council for endorsement in the fall of 1992.

The entire College staff is charged with the responsibility for maintaining order and discipline on campus. The Student Development staff is responsible for handling disciplinary procedures as they relate to the Code of Behavior. The staff attempts to make discipline redemptive, fair and consistent. Fundamental fairness is observed when alleged violations are reported. Judicial procedures are found in the judicial section of the SGA Constitution in the back of this handbook.

While the specific intent to commit an act is an important consideration in determining guilt or innocence and appropriate sanctions, students are responsible even when their actions are due to negligence.

The College reserves the right to pursue disciplinary action if a student violates the prohibited behavior code and withdraws from the College before administrative action is final.

Violation Through Implied Consent

All students in a room may be held responsible for behavior or objects in that room, even if they are not participating in the behavior or in possession of the items and regardless of how long they have been in the room.

If a student enters a room where a violation of policy is occurring, or a violation is initiated in a room that he or she is in, they should immediately leave. Otherwise, by choosing to remain in the room, they assume responsibility for all behavior and items in that room, regardless of their participation. If the student is the resident of that room, or owner of the vehicle or space, he or she will be held responsible regardless of his/her presence.

Automatic Minimum Sanctions

- **Setting a fire on campus.** Sanction: Suspension from the College.
 - **Discharging a fire extinguisher or pulling a fire alarm without justifiable cause.**
Sanction: suspension from the residence halls.
 - **Damaging property (malicious) of the College, staff or students.**
Sanction: Suspension from the residence halls.
 - **Possessing and/or consuming alcohol on campus.**
Sanction: First Offense: \$160* fine or \$80 and probation; notification of parents.
Sanction: Second Offense: \$160* fine (no probation option for reduction of fine), probation, attend ADAC education program.
Sanction: Third Offense - Suspension from the college.
 - **Being under influence of alcohol or simple possession of illegal drugs.**
Sanction: First Offense: \$200 fine, education program, notification of parents.
Sanction: Second Offense: \$200 fine, suspension from residence halls, disciplinary probation.
 - **Being in or having someone of the opposite sex in the residence hall.**
Sanction: First Offense: \$75 fine.
Sanction: Second Offense: \$75 fine, disciplinary probation.
 - **Failing to vacate a building during a fire alarm.** Sanction: \$25 fine.
- * Fines followed by an asterisk (*) apply to those who are under 21 years of age. For those of legal age the fine is \$60 for possession and/or consumption. The fines are consistent with the City of Anderson violations of alcohol laws. Other penalties such as probation and referral to ADAC can be levied regardless of age.

Entering Rooms

Although the College will make reasonable effort to respect the privacy of a student's room, Anderson College maintains the right of entry into a student's room for reasons of emergency, maintenance, order, or violation of policy. Maintenance and safety inspections will be performed by authorized college personnel only. Illegal items in plain view may be confiscated. (See also Search and Seizure Policy in the Appendix of this Handbook.)

Parental Notification

If a student is involved in serious academic, financial, or social difficulty parents more than likely will be notified. Any time a student is guilty of illegal activity on campus, placed on disciplinary probation, requested to withdraw, or suspended from the College or residence halls, parents or guardians of dependent students are automatically notified.

Disciplinary Probation

Students on disciplinary probation risk suspension from Anderson College if there is additional participation in prohibited behavior while one is on probation; in addition, disciplinary probation may affect a student's transfer to another institution, one's status in a campus club, organization, or on an athletic team, and future financial, citizenship, and scholastic recognition.

A student's disciplinary probation status is not public information. Upon the request of an organization's advisor or coach, the disciplinary status of a student will be provided by the Student Development Office, provided the student is officially associated with the organization or team of the person making the request.

Disciplinary Fines

A student who participates in prohibited behavior may have several sanctions imposed. One of the sanctions may be a monetary fine. As is the case in City, State and Federal Courts, fines are imposed to serve as a deterrent and a reminder that regulations have been violated by the individual.

DUI Policy

Of all the fatal accidents on South Carolina's roads, at least two-thirds of these involve a driver or a pedestrian who has been drinking. During the hours between 7:00 p.m. and 3 a.m., one of four drivers on the state's highways has been drinking. One out of ten has a blood alcohol content level high enough for him to be charged with driving under the influence.

In the face of these startling statistics, South Carolina has mounted an extensive campaign aimed at reducing the rate of increase of DUI accidents. These efforts have resulted in expanded and stiffer laws, penalties and fines, implementation of an "Open Container Law," and in May 1984 the Governor of South Carolina signed a bill raising the alcohol beverage drinking age. In South Carolina, the legal age to drink alcoholic beverages is 21 years old.

Anderson College is supportive of state efforts to reduce the number of highway deaths and accidents related to alcohol use. A student guilty of DUI will be required to come to a conference with the Vice President of Student Development to discuss ways for improved behavior. Should the student receive another DUI charge, more drastic action will be taken which may result in suspension from Anderson College.

Mental Health Referral Policy

Should the Vice President for Student Development or the Director of the Counseling Center determine that, in their best judgments, there is the reasonable possibility that a student is a threat to self, to others, or to the good order of the academic community, the Vice President for Student Development, in consultation with the Director of the Counseling Center, will recommend a psychiatric/psychological evaluation by an appropriate mental health professional for the purpose of determining the student's ability to function safely in the academic environment.

If the student refuses to be evaluated by an appropriate mental health professional, the student will be immediately placed on interim medical suspension from the College. Interim medical suspension will be continued until the student consents and is evaluated or until a disciplinary hearing, following the regular college procedures, is held.

If it the determination of the appropriate mental health professional that the student is not medically or behaviorally able to function in the college environment and if the required time for treatment will interfere with they student's academic work, the Counseling Center will initiate a withdrawal for medical reasons from the College. A student who is withdrawn under these circum-

stances and who at a later date desires readmission will be required to provide a written opinion from the professional from whom treatment was received substantiating the ability of the student to perform consistently with the regulations of the College. Should the time of treatment be such that it does not interfere with a normal academic workload, the student will be able to return to the College provided the treating mental health professional recommends return and is willing to establish consultative contact with the Director of the Counseling Center at the College. Students who continue at the College under these circumstances will be expected to conduct themselves consistent with the standards of the College. When the appropriate mental health professional determines that no threat to self, to others, or to the good order of the academic community exists, the student will be able to continue at the College provided the behavior is consistent with the standards of the College. Should the student's behavior become disruptive to the residential living environment, the College, using regular disciplinary procedures, may refuse the student on-campus housing.

If it is deemed necessary to refer a student for evaluation, the Vice President for Student Development will contact the parents or guardians for the purpose of enlisting assistance.

Theft

Anderson College does not assume any responsibility for theft of a student's personal belongings. If a theft does occur, students should report the theft to the Security Office. The College encourages students to keep a record of any article that has a serial number. In many instances a parent's homeowner's insurance will cover all or part of the replacement of stolen articles.

Thefts of items or cash valued at \$150 or more, considered grand larceny and a felony, are automatically reported to the local police for disposition in local courts.

Smoking is not permitted in certain areas due to insurance regulations, health considerations and/or college policy. Students should observe "No Smoking" signs. Smoking is prohibited in the Administration Building, the auditorium, the Watkins Teaching Center, the gymnasium, the dining room, the Student Center snack bar area, the Music Building, and the Fine Arts Center.

Student Work

Both on-campus and off-campus student work is coordinated in the Financial Aid Office. The initial contact person for any student work is the Student Work Coordinator who is located in the Financial Aid Office.

Student Reception

The Student Reception is held during the first week of school. Normally this event is at the President's home, and students are expected to attend. Students should wear Sunday clothes to this event.

Christmas First Night

The Christmas Season is ushered in by Christmas First Night. An Anderson College tradition -- a Lovefeast in the Moravian tradition with carols and candles, cider and cookies is observed. Following the Moravian Lovefeast the President of the College will light the Yule Log. The campus is decorated for the Yuletide Season.

Campus News

Each Monday morning a news sheet is placed in boxes around campus. The Campus News is sponsored by the Student Government Association and informs the students of campus events. The deadline to submit information for publication is 12 noon on the Wednesday prior to the week the Campus News is published.

Publications Paid by Student Fees

Fulltime students who pay an activity fee receive all student publications without an additional charge. Parttime students may purchase a yearbook.

Parents' Weekend

AC Parents' Weekend which is planned each year is an exciting time when all parents of AC students are encouraged to visit the campus. Many events are planned which expose the parents to a variety of the student talents, give the parents opportunities to meet the faculty and staff, and encourage parent-student participation in a variety of activities.

Change of Address

Students must inform the Student Development Office and Registrar's Office of any changes in home address.

Solicitation

The College does not encourage or permit solicitation on the campus by individuals or organizations seeking donations or selling items for off campus groups and fund raisers. College sponsored organizations must obtain permission from the Director of Student Activities for fund raising projects to be held on campus.

Dress/Public Behavior

Anderson College students should conform to the following dress guidelines:

- Men are expected to wear shirts on campus, except in their residence halls.
- Students eating the noon meal on Sunday should wear Sunday dress. While students are given some latitude in determining appropriate Sunday dress, tee shirts, tank tops, sweatsuits, shorts, muscle shirts, hats, caps, and flip flops are not acceptable as Sunday dress.
- Bare feet are not permitted in classrooms, the dining room, offices, or the Administration Building.

In October, 1986, the faculty of Anderson College passed the following resolution: The faculty reminds students that appropriate dress, behavior, and language contribute to a good academic environment. Written messages on wearing apparel which are contrary to the policies and standards of Anderson College or those containing vulgarity are not acceptable. In addition, sexual familiarity in public places is not appropriate.

Centre Stage Productions

Anderson College is committed to providing students the finest cultural experiences possible. Our Fine Arts Center is the home of Centre State at Anderson College, a professional performing arts series which each year offers high quality musical and dance events to both the college and Anderson communities. The season may contain classical, jazz and folk music, as well as folk dance, modern dance or ballet.

Student tickets for Centre Stage productions are \$3 each. Tickets may be purchased at the Fine Arts Center box office beginning two weeks before the performance. Tickets for an entire family purchased at the special \$3 rate per person.

Centre Stage productions are considered "dress up" occasions.

AC Playhouse Productions

Plays are produced each semester through the Fine Arts Division. Auditions are open to all AC students. Discount tickets are available to students, faculty and staff. LEE credit is frequently offered. Information on auditions and ticket sales will be available through normal channels of campus publicity including Campus News.

Resident students may deposit money in a student bank in the Business Office and draw it out as needed. The College encourages students to open checking accounts at local banks and use their services for cashing checks.

Cashing Checks

The Business Office will cash checks of \$50 or less. Checks greater than \$50 must be deposited in the student bank, and after a waiting period, one may make withdrawals against the deposited check(s). Any student who has two checks returned for insufficient funds will not be allowed to cash checks in the Business Office or pay for telephone services or Bookstore purchases by check.

Financial Responsibility

During fall and spring semesters students in the regular day program are financially responsible for all classes in which they are enrolled at the end of the second week of classes, regardless of whether they withdraw from a class later in the semester. The refund policy for students who withdraw from all classes during the first four weeks of the semester is outlined in the Academic Catalog.

Identifying Books

A student should devise a system of marking his/her textbooks so that they are easily identifiable when lost or found. A good tip is to write the name in ink in the front of the book and then choose a page number on which to write the name in ink again. The student should be consistent in writing the name on the same page of each textbook.

Identification Cards

All students will have an identification card made at registration at the beginning of fall semester. This card is very important, as it allows the student to gain admission to school sponsored events and the dining room, etc. Replacement cards can be made in the Security Office at the cost of \$5.00.

Parents' Club

The Parent's Club is a joint project of the Student Development and the Institutional Advancement departments. The Club was formed in 1983 to increase the parents' awareness of and involvement in the on-going life of the College.

A Parent's Day is scheduled each year on the campus. Special bulletins keep parents updated about events and opportunities on the campus and in the community. As parents of future Alumni you are invited and encouraged to participate in all Alumni related programs and events including the Summer Alumni College and Alumni Travel opportunities.

Each year parents are encouraged to participate in the Anderson College Parents Challenge. This is an opportunity to support the College financially. Money received through the parents challenge directly supports the Olin D. Johnston Memorial Library Book Collection. In supporting Anderson College and its Library parents become active participants with the College in its commitment to the students of today and the students of tomorrow.

Parents are an important part of the Anderson College family. If you would like more information, please contact the Institutional Advancement Department at 803-231-2000.

3. Advising records are maintained in the Counseling Center two years beyond the date of termination.
4. Alumni records are maintained by the Director of Development.

All of these records, except personal counseling records, medical records, and Financial Aid records, may be reviewed by the student. In some instances a written request may be required, but in no instance will the college wait longer than 45 days to provide access to the record. The student may be charged a minimum of ten cents per sheet for photocopies of his records. The custodians of the records, as listed above may all be reached by mail at Anderson College, Anderson, S.C. 29621.

If there is disagreement between the student and the custodian of the records that cannot be resolved in informal discussion, a hearing will be scheduled within forty-five days of the student's request. The hearing will be conducted by a person who is appointed by the Chairperson of the college faculty and approved by the student. At the hearing the student may be assisted by a person of the student's choice and at the student's expense. The student will be notified in writing of the outcome of the hearing.

If, after a formal hearing the student feels that his record is inaccurate or misleading, he will be given the privilege of making a written comment on the record setting forth his reasons for disagreeing with the college. The student's comment will then become a part of the record.

The college will not issue personally identifiable records, including transcripts, without the student's express written consent except: (a) Anderson College officials will have access to the records; (b) parents of dependent children will have access to grade reports; (c) records may be released in connection with a student's application for or receipt of financial aid; (d) certain state and federal officials have legal access to the records.

Directory information is considered to be public information and may be released by the college without written consent unless the college is instructed to withhold such information from the public. Items of directory information are: name, address, telephone listing, parents' names, date of birth, denomination, field of study, participation in officially recognized activities and sports, weight and height of varsity athletes, dates of attendance, degrees and awards received if a candidate for graduation, receipt of any honors, and previous educational institutions attended. Procedures, Boards & Committees

Judicial Procedures

(A more complete description of the judicial process is found in the main section of this Handbook.)

Section 1.

Any person who is affiliated with Anderson College either as an administrator, a faculty or staff member or a student shall report student participation in the prohibited behavior code. All reports should be made to the Vice-President or the Dean of Student Development.

Section 2.

Once it is established that there is enough evidence to bring charges against a student, the Attorney General or the Assistant shall meet with the accused student in person and in private to inform the student of the specific charge, the nature of the evidence, and student rights. A student may waive the meeting with the Attorney General or The Assistant if the student signs a statement of waiver.

Section 3.

At the disciplinary hearing, which is a closed hearing, the defendant will be given an opportunity to question the nature of the evidence and witnesses. Disciplinary committee members may question the defendant and witnesses. After all parties are satisfied that evidence has been properly presented and witnesses properly heard, the defendant, witnesses and the Attorney General will be dismissed during deliberation.

Section 4.

The Judicial Board will decide by secret ballot and a simple majority vote as to whether the defendant is guilty or innocent. If a student is guilty, the Judicial Board will decide by simple majority vote the sanction to be imposed.

Section 5.

Normally the decision will be announced to the defendant on the same day of the hearing. The Judicial Board may have up to 48 hours before rendering a decision. The Vice-President or Dean of Student Development or their appointee will inform the defendant in person of the decision of the Judicial Board. The Vice-President or the Dean of Student Development or their appointee will implement the disciplinary penalty.

Section 6.

When a student has a disciplinary hearing by the Vice-President or the Dean of Student Development or their appointee, less formal procedures are followed.

Search and Seizure Policy

1. Anderson College seeks to give every student the right of privacy against arbitrary and unnecessary intrusion into his/her private life.
2. A search of a student's room may be made by officials of Anderson College with a written search warrant from the Vice-President and Dean for Student Development or the Associate Dean for Student Development, or the Residence Life Coordinators. Residence Hall Supervisors may sign search warrants provided the search is not to be done in their own residence life complex.
3. Any time it is necessary for local law enforcement personnel to enter a student's room, a search warrant must be presented.

4. The search must be made by two or more College officials or by one College official with a witness, who is not an occupant, present at all times.
5. An itemized list of all objects seized during the execution of the search warrant will be prepared at the conclusion of the search and signed by all officials and witnesses. A copy of the signed list will be left with any occupant of the room, or in the event no occupant is present during the search, the copy will be left in the room. In the event nothing is seized during the search a copy of a signed statement attesting to that fact will be left with any occupant or in the unoccupied room. Any occupant present during the search will be asked to sign the list or statement, not as an admission of guilt, but to attest to what is being seized.
6. In the event that disciplinary charges are brought against a student as a result of the search and subsequent seizure, fundamental fairness will be given the student as outlined under Disciplinary Procedures in this Student Handbook.
7. In emergency situations when the delay necessary to obtain authorization constitutes a danger to persons, property or the building itself, or destruction of contraband, college officials may enter a room without a search warrant.

2. All power-driven vehicles, such as motor bikes, are subject to the same regulations as automobiles.

6. The registered student is responsible for all violations charged to that decal. Immediately report missing decals to the Security Office to avoid responsibility of misuse.
7. It is the duty of all students to know the campus traffic and parking regulations. Ignorance is not an excuse for protest. All new regulations enacted during the semester will be announced in the Campus News, placed on bulletin boards, and published in the school newspaper.

Anderson College Substance Abuse Education and Prevention Program (Revised, 1991)

This information is provided to all students, faculty and staff to meet federal standards set forth in the Drug Free Schools and Communities Act Amendments of 1989 (34CFR Part 86, RIN 1880-AA46 Public Law 101-226)

Statement of Purpose

Anderson College is a private college sponsored by the South Carolina Baptist Convention. The college offers a Christian educational program whereby students are provided opportunities to develop intellectually, physically, socially, morally, and spiritually within an institution which affirms the teaching of Jesus Christ as the ultimate guide for living. The college is operated by Christian trustees, faculty, administrators, and staff.

Alcohol and drug abuse account for unhappy and miserable lives for those who become dependent on these substances. In America today we have become a chemical culture. The chemicals are alcohol and drugs that alter moods and are depended on by many people to help cope with life, even when the substances cause additional serious problems in living. Over 10% of all deaths in the country are related to alcohol and drugs. More than 60% of all motor vehicle fatalities are alcohol and drug related. Half of all homicides, and a fourth of all suicides are related to alcohol abuse. Persons with a "drinking problem" are seven times more likely to be separated or divorced than those in the general population. The total cost of alcohol and drug abuse in the United States is over 117 billion dollars a year. The alcoholics life span is shortened (an average) by 10-12 years and at least 18 million adults in this country are problem drinkers. (Taken from the Harvard Medical School Health Letter and U.S. News and World Report, November 1987.)

This information and other information regarding the personal health dangers to individuals of alcohol and drug abuse implies the need to inform, educate and assist individuals with understanding the dangers of abuse.

In addition to the policy guidelines detailed below, all members of our community should realize that education, training and treatment programs are available through Anderson County Alcohol and Drug Abuse Commission, Anderson County Mental Health, South Carolina Vocational Rehabilitation Office, the Family Counseling Center, the Anderson College Counseling Center, and Anderson College Health Center.

At Anderson College our approach to problems should be positive, educational and redemptive. The community should be aware, however, that the college will take action when its policies on the use, possession, distribution, manufacture, and sale of illegal drugs have been violated. The college will also cooperate with the local, state, and federal authorities in the detection and prosecution of drug offenses.

College Policies and Sanctions

The policies listed below apply to the Anderson College campus and all college sponsored events at off-campus locations. Administrators, alumni, faculty, guests, staff, and students must adhere to all applicable federal, state, and local law and college regulations related to the sale and use of alcoholic beverages and drugs. Any person found in possession of felony drugs, or manufacturing or selling of alcoholic beverages or drugs on college campus or at college sponsored events will be referred to local law enforcement officers for prosecution. Any student or employee convicted of violation of state and local law may be subject to suspension from the college.

Student Disciplinary Code

Included in the list of behavior prohibited for Anderson College students are:

- #10. "Use, manufacture, possession or distribution of narcotic or other controlled substances except as expressly permitted by law."
- #11. "Use, possession or distribution of alcoholic beverages on College premises, at college sponsored functions, at functions where Anderson College is official represented, or public intoxication."

Automatic Minimum Sanctions:

Alcohol: Possessing and/or consuming alcohol on campus.

Penalty: 1st offense - \$160 fine*, or \$80 and probation; Notification of parents.

2nd offense - \$160 fine*, (no probation option for reduction of fine), probation, attend ADAC educational program.

3rd offense - Suspension from the college.

Fines designated by an asterisk () apply to those who are under 21 years of age. For students of legal age, the fine is \$60 for possession and/or consumption. Other penalties apply regardless of age.

Drugs: Being under influence of alcohol or simple possession of illegal drugs. 1st offense - \$200 fine, ADAC educational program, work program, notification of parents. 2nd offense - \$200 fine, suspension from residence hall, disciplinary probation.

DUI Policy

Anderson College is supportive of state efforts to reduce the number of highway deaths and accidents related to alcohol use. A student guilty of DUI will be required to come for a conference with the Vice President for Student Development to discuss ways for improved behavior. Should the student receive another DUI charge, more drastic action will be taken which may result in suspension from Anderson College. (Taken from AC Student Handbook)

Other information related to the prohibited behavior code and sanctions may be found in the Anderson College Student Handbook.

Information on Use/Abuse of Alcohol, Tobacco, and Controlled Substances

Effects of Alcohol

Surveys of college students indicate that the drug of choice is alcohol. Student problems associated with alcohol use are many and have an adverse effect on the educational process. These problems include physical injuries, loss of personal relationships, unwanted/regretted sex, vandalism, poor grades, alcoholism and disciplinary problems.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgement and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics. (Taken from: Federal Register, Vol. 55, No. 159. Thursday, August 16, 1990: " Rules and Regulations.")

Effects of Tobacco Products

Tobacco products are harmful to individuals, when smoked, inhaled or used orally. Tobacco contains over 4,000 different gases, particles and compounds including tar, nicotine and carbon monoxide. Tobacco smoke "tar" is composed of several thousand chemicals that can damage lung tissue and cause several diseases.

Nicotine is found only in tobacco. It acts as a mild stimulant to the central nervous system and is what causes the addiction to tobacco products. Carbon monoxide, which makes up about 4 percent of tobacco smoke, impairs the oxygen-carrying capacity of the blood to the body's tissues, literally driving the oxygen out of the red blood cells. At the same time nicotine is causing the heart to work harder, it is depriving the heart of the extra oxygen it needs. Carbon monoxide also promotes cholesterol deposits in arteries, impairs vision and judgement, and reduces attentiveness to sound.

Smoking is the single largest preventable cause of premature death and disability in the United States and is related to 390,000 deaths each year. Statistics indicate that smokers die younger than nonsmokers. Smoking is one of the major risk factors in heart attacks. The use of tobacco has been implicated in cancers of the mouth, larynx, pharynx, esophagus, pancreas, cervix, uterus and bladder. Smoking accounts for approximately 30 percent of all cancer deaths, as a major cause of heart disease, and is linked to colds, gastric ulcers, chronic bronchitis, and emphysema. The American Cancer Society estimates that smoking cigarettes account for 85 percent of lung cancer cases among males and 75 percent among females.

The effects of other drugs on the body are discussed on the chart on the following page.

Anderson College is a community and all members of the community are responsible for maintaining order, and discipline on the college campus. The Student Development Division serves the primary role of coordination and implementation of Anderson College's substance abuse policy. The division's position emphasizes the early identification of the intervention into substance use problems experienced by persons. Our personnel and institution's commitment is made manifest by the following services:

Information

The Counseling Center provides current information on alcohol and other drugs, including topics of addiction, self-assessment and help, high risks behaviors leading to and consequences of drug use, and drug facts.

This information is made available through brochures, journals, books, video, and cassette tapes, posters and newsletters to faculty/staff and students. High traffic areas of the campus will be provided with handout materials related to substance use and it's consequences.

Education/Programming

Educational experiences are offered by key areas within the college. These experiences include:

-Alcohol Awareness Week - one to two week emphasis each semester with the focus on substance abuse. Offerings to general campus population and special groups.

-Presentation of videos, films, and invited speakers on issues of substance use and abuse. These will be provided each semester for students and periodically at faculty and staff meetings.

Counseling/Referral

Counselors in the Counseling Center have special training in addiction counseling. Other staff members of the college have also received special training and experience in addiction counseling and are available for programming, counseling, and referral.

Close affiliation with the Anderson/Oconee Alcohol and Drug Abuse Commission, where persons may be referred for assessment and/or treatment.

ALMA MATER

Dear to our hearts is our
Alma Mater
Loyal and true are we;
Truest devotion till life is ended.
Wholly we pledge to thee.

Tho' from thy halls far away
We wander
Thoughts back to thee will fly,
And tender mem'ries time
Cannot sever,
Love that will never die.

Heaven's choicest blessings
Ever attend thee,
Dear Alma Mater mine--
No shadows harm thee,
No fears alarm thee.
Always the sunshine thine.

And tho' we leave thee, we'll
Never grieve thee,
True to our Trust we'll be;
Our best endeavor, now and
Forever.
Always to honor thee.

--Mrs. Charles Sullivan--
